

This technical drawing illustrates a medical device, possibly a catheter or probe, in a cross-sectional view. The device consists of a central shaft (4) and an outer sheath (2). A dashed line (29) represents an internal feature or layer. The device is shown in a cross-sectional view, revealing internal components such as a central lumen (11), a side lumen (6), and various internal structures (8, 12). The drawing is labeled with various numbers (1, 2, 4, 6, 8, 11, 12, 29, 64) corresponding to different parts of the device.
